About Us

Govindgreen Foods Infratech (GoFI) is an Agro Processing Cluster (APC) approved by the Ministry of Food Processing Industries (MoFPI), Government of India. The Food Park is developed with an entrepreneurial and innovative approach to bridge agro-infrastructure gaps and enable value addition from farm to consumer. The cluster supports farmers, MSMEs and entrepreneurs with common processing infrastructure, post harvest facilities, quality testing, logistics support and market linkage—resulting in reduced wastage, lower production cost and sustainable rural employment.

Vision

- ❖ Value addition to agro products
- ❖ Boost rural economy through processing
- ❖ Quality control & consultancy support to MSMEs
- ❖ Cost reduction by providing all facilities at one place

Mission

- ❖ Deliver safe, high-quality and value-added food products
- ❖ Operate on values of quality, commitment and innovation
